Imagining Geographies: Civic Media & Policy Dialogue in Southern Illinois

Published in: Global Media Research Center (GMRC), Southern Illinois University Carbondale (2014–2016)

STANDARD CITATION (APA)

Lemish, P. (2014-2016). Imagining Geographies: Civic media, regional identity and environmental policy in Southern Illinois. SIUC Research Series.

ABSTRACT & RESEARCH OVERVIEW

Documentation and policy analysis of community-engaged media initiatives in Southern Illinois addressing environmental sustainability, Mississippi flood-basin levee maintenance, and rural homelessness.

KEY FINDINGS & THEORETICAL PRAXIS

Highlights how university-community media partnerships give voice to disenfranchised rural communities, producing documented civic forums that directly influence municipal and state policy dialogues.
